LOOK AT THAT!

Teaching and learning with The Charleston Museum
The Charleston Museum is your resource for bringing curriculum concepts to life through interdisciplinary and interactive educational programs.

Our vast collections are designed to highlight major themes in South Carolina studies, U.S. history, and the wonders of our natural environment.

The Charleston Museum offers a wide range of programming to meet your curriculum needs.

- Most Museum programs are available for $4 per student and teachers are free!
- If you can’t come to us, we can come to you! Choose from one of our 10 educational programs to be brought to your school.
- Learn about daily life of times past with guided tours of our historic homes, the Joseph Manigault house and the Heyward-Washington house.
- Explore the beautiful environment of the Lowcountry with special programs at the Museum’s wildlife sanctuary on James Island.
- Travel back to Ancient Egypt by visiting our mummy, handling ancient artifacts, and dressing like an Egyptian in the Tomb Travelers program.
- Try on clothing, write with a quill pen, card cotton and more, while learning about the daily life of soldiers in our Life in the Civil War program.
- Touch fur, feathers, and scales as you explore the animal kingdom through our Animals A to Z class.
- And much, much, more
For detailed information on programs please visit our website
